*Personal care for independent living*

For 20 years, Horizon Adult Health has cared for senior loved ones at our 11 centers in Kentucky. **We are now providing that same loving, reliable care in the home through Horizon Home Care.**

Homeownership is the American dream and a result of a lifetime of hard work. But more than that, it is a place of refuge and comfort. Our goal is to help ensure your loved one can stay safely at home **as long as possible.**

Because we have worked with more than 3,000 families, we know the best resources available and can provide a continuity of care.

All of our services (listed on the reverse side) will help make sure your loved one is secure, healthy and connected to the community, which is important for mental well-being. **And it will bring peace of mind and relief to family caregivers.**

We can help you achieve your loved one's goal of staying out of the nursing home and being independent for as long as possible.

Contact us at **(877) 589-3053** to learn more about our professional care with a personal touch.

*We accept Medicaid and private pay.*

*“Horizon Care has changed our lives. Their caregivers immediately put Mom at ease. Their attention to quality is impressive. I don’t know what we would do without them.”*
